Distinguished guests officially registered clubChrysler Club Czechoslovakia o.s.!

During the next two to three days will be running on the server to register as a member and participate in discussions with your colleagues and other members of the official club. Registration will be checking with you via the e-mail address. Discussions will be moderated and not because we censored anything, but because we avoid personal diatribes and similar excesses. If discussions take place within the rules of conduct, no one will interfere in the discussions. Next you will see meetings and events organized by the club, which the club will participate in bulk. You will have the opportunity to register for these events.

We also present here accurate and unbiased information about what is happening both on this our club and also to "friendly" web-club.net Chrysler.

1) We were on 26 October 2011 faced a new situation which we are not responsible, in our opinion - some members of this club was unilaterally canceled access to the Chrysler-club.net and prevented them to actively participate in events at the Chrysler-club.net.

2) Information that is the Chrysler-club.net presented in the sense that these members have left voluntarily and at his own request, are distorted and not based on truth. Administrators web Chrysler-club.net those members blocked the approaches including blocking IP addresses. It also removed the information from the profiles of these members and related activities. The only thing left are the contributions from members in discussions (this is the state of 27 October 2011).

3) If you are interested in a broadly familiar with the causes and held a correspondence between the two sites, here is the link.

4) This club was primarily based exclusively on the needs of members to ensure that our Chrysler-club.net was unable to provide - more information here.
